

# recycling guide

	yes	no
 <b>PET transparent plastic</b>	 Yes, clear or colored transparent plastic labeled "1" or "PET" on the bottom with screw-top necks, such as soda & water bottles. Please remove caps.	No salad boxes, deli containers, cups, or opaque bottles such as some dish soap or vitamin bottles. 
 <b>HDPE translucent plastic bottles &amp; jugs</b>	 Yes, rinsed colorless translucent plastic, such as milk jugs, labeled "2" or "HDPE" on the bottom.	No colors or caps or tubs. 
 <b>HDPE solid color plastic bottles, jars and jugs</b>	 Yes, rinsed white and colored plastic labeled "2" or "HDPE" on the bottom such as laundry detergent, bleach, & orange juice jugs.	No buckets, automotive fluid containers, lids, or tubs such as yogurt tubs. 
<b>aluminum cans</b>	 Yes, rinsed aluminum cans such as pop, beer, & most cat food cans. Magnets do not stick to aluminum.	No foil or pie pans. 
<b>tin cans</b>	 Yes, clean food cans; labels OK. Please leave lids either attached or inside can.	No aerosol, paint, or fuel cans; no loose lids. 
<b>office paper</b>	Yes, high quality white or pale-colored papers and envelopes. Shredded OK - in a bag please!	No intense or bright colors, packaging, tissues, paper plates, or glossy paper.
<b>newspaper</b>	Yes, if it came with the newspaper it can stay with the newspaper! Also phonebooks, newsprint packing papers, catalogs or newsletters printed on newsprint.	
<b>glossy magazines &amp; catalogs</b>	Yes, the name says it all! Glossy brochures & bulk mail inserts OK. Please remove any plastic wrappers.	No cereal boxes, beer cartons, or papers that are not glossy.
<b>corrugated cardboard</b>	Yes, any size box with the wavy middle layer. Also paper grocery sacks and brown packing paper.	No waxed produce boxes or really dirty boxes.
<b>all other paper</b>	If it is clean paper & doesn't fit in one of the other categories, it goes here. This includes deep colors, egg cartons, wrapping paper, and flat grey cardboard such as cereal boxes and beer & pop cartons. Please flatten.	No paper plates, tissues, dairy cartons, or soup stock, rice milk, or soy milk cartons. 
<b>glass</b>	Yes, all colors of jars, bottles, glassware, and window glass if it is broken into small pieces.	No lightbulbs, tempered glass, corks, rocks, or ice -- seriously!
 <b>compact fluorescents</b>	Yes, compact fluorescent light bulbs.	No incandescent bulbs. No fluorescent tubes. 
<b>electronics</b>	Yes, TVs, computer monitors, laptops, desktops, and their cords. Also printer & toner cartridges.	No other electronics of any kind.
<b>batteries</b>	Yes, household batteries – rechargeable or not.	No vehicle batteries.
<b>metal</b>	Yes, any non-ferrous metals – copper, aluminum, brass, insulated wire & non-magnetic stainless steel.	No iron or steel – a magnet will stick to these. Please save for our periodic metal drive.

## ALWAYS

- Remove caps.
- Rinse cans and bottles.
- Check the numbers on plastic: We can accept only 1s and 2s.
- Say thanks to the volunteers!

## NEVER

- No paper or boxes soiled with food.
- No plastic trays, tubs or carry-out containers.
- No toxic containers such as antifreeze, oil, or fuel.
- No waxed boxes.
- No plastic numbered 3 – 7.
- No aerosol cans.
- No molded styrofoam packaging.
